John

Thanks for the email. We will meet at 7:30 on Tuesday in the Conference room upstairs in the Bailey Center.

Randy and I have met with Dick Sweetenburg and he has given us quite a bit of "ammunition" to use in our discussions. He is a strong supporter of selling the building to the City to be used for the PC Pharmacy School. We are meeting with Bud Nalley next week to discuss the building and I plan on making an offer on the property.

I believe we can make all this work, and it will be a huge benefit for both PC and for the City. Thanks for your support and I look forward to meeting with you on Tuesday.

I can be there about 7:45. I have a 7:00 breakfast meeting. Will this work and where will we meet?

How are your discussions with the Presbyterian Home going?

We are being rushed by Greenville and USC for a collaborative arrangement. Please keep me in the loop on what is happening so that I can keep the door for Clinton and Laurens County open from the perspective of our Board of Trustees. Thanks for all you do. I would like to see this school here. John Griffith

Josh,

Richard Fields, our COO, is not in town today, but I will get with him and see if that works. He has scheduled to be at one of our communities that day but may be able to work around this schedule. I'll be back in touch soon.

Thank you.

Kathy

Josh, Randy, Steve, and Lumus,

Here is the promised information. The document minus the section on Clinton is what we will make available to all who are interested in attracting the pharmacy school. This is a confidential document and should not be shared with the media or the general public without my consent. Thank you for all you do for our community. Have a fine weekend. John Griffith

John,

We are planning on giving a presentation to County Council to garner their support (financial support), and therefore any presentation will be in open session and will be reported on by the local media and thus the general public. I do not plan on sharing the following to any party:

1. Fundraising needs
2. Clinton/Building concerns

I would need to share total investment and personnel figures as well as the economic impact numbers you provided earlier in our discussions to outline the impact that this project will have on the county.

Please let me know if this is ok
