Subject: RE: Pharmacy School

Monday and Thursday of next week are pretty hectic for most of the Clinton crowd with two project visits coming in. Friday is the only free day that I have available now, outside of Tuesday & Wednesday.

Thanks to all for moving forward on this exciting possibility. I look forward to this coming to fruition!

Dear Ernie and Josh,

Thank you for your leadership this morning. I am intrigued by the concept you put forward. I have spoken with our attorney and we are comfortable with your proceeding to develop a concept for us to review. The concept involves City/County ownership with the college taking responsibility for a long-term lease, option to purchase, and renovations, maintenance and operations.

Let me know when you have a concept that we can explore with you. I am very encouraged by this approach. John Griffith
