PRT has had ample opportunity to review the documents I have made available. If PRT has chosen not review the documentation on my website, please let me know an email address for me to send it directly. I hope PRT chooses to review the documentation.

The source of proof that Laurens County's documented admission it doesn't operate the Park meets PRT terms has to come from PRT, not me.

Dear Ms. Fay :

Your allegations and concerns over the administration of the PARD Program have prompted PRT's invitation to meet with you . Whether or not you choose to take advantage of this invitation to present any evidence you may have in support of your allegations is totally up to you. We hope to see you on Wednesday.
